

Get Ready Disaster Preparedness

Please use this important information and preparedness lists to ready yourself and family in the event of an emergency.

Created by: Alex Winter

Before a Disaster Strikes

Be prepared by doing the following things:

- Have **emergency water supplies** (5-7 gallons per person in your household).
- Have 5-7 days worth of **non-perishable food**.
- Complete your home and vehicle emergency kits with **essential items** (flashlight, radio, first aid kit, garbage bags, duct tape, can opener, or a multi-purpose tool).
- Know where your **utilities** are and know how to turn them off.
- Have an **emergency response plan** with your family. Discuss how and when to evacuate and determine meeting locations near the home/neighborhood.
- If the phone lines are not working, establish an **out of area contact** (at least 200 miles away) that can relay information.
- Make sure you have registered for **Alert Marin or Nixle**. Police and fire will send you emergency information via phone, email, or text communication.
- Tune into **840 AM SNAP** radio for local emergency information.
- After a disaster, **emergency shelters** will be opened as needed and in locations decided by local city management and the Red Cross. If your home is not safe, take your emergency kit and go to a neighbor's.
- The **Del Mar Middle School Gym** is a designated first aid station and will be opened as needed.

Evacuation Priority List

What should be in my to-go bag?

Before the need to evacuate rises, think about what you will need to take with you and make a priority list of items that you would take if you only had 10 minutes to evacuate your home.

Your list should include only items that can be hand-carried. Consider adding the location of each item in your house to the list. You may want to create separate lists for each family member or pet.

For example:

- Family Heirlooms
- Important Documents/Computer Files
- Clothing
- Medications
- Pets
- Disaster Supply Kit

Create your own list below:

- _____
- _____
- _____
- _____

Disaster Plan Checklist

Please use the following items as a disaster plan checklist for you and/or your family.

_____ I/We have stored emergency food and water and other supplies.

_____ I/We know two ways to evacuate our neighborhood by vehicle or on foot.

_____ I/We know the location of our utility valves and know how to shut them off. We have attached the necessary tools to shut-off valves.

_____ I/We have designated an out-of-area relative or friend as our emergency contact and have instructed family and friends to contact that person to inquire about our safety.

_____ I/We have created an Evacuation Priority List in case the need to evacuate arises.

_____ I/We have registered for Alert Marin and Nixle emergency alerts.

Important Resources

Get Ready 94920 is a website specific to the Tiburon Peninsula. It contains important emergency preparedness information.

You can find the website at:

www.townoftiburon.org/353/Get-Ready-94920

Get Ready classes are offered by the Town of Tiburon. They are free, 2 hour preparedness classes to help you and your family prepare for any type of disaster. Our citizens must be prepared to care for themselves and their families for at least 5 to 7 days. To sign up for these classes, please call 415-789-2805 or see the above Get Ready 94920 website.
