

NOTES & BOLTS

Renovation Committee Tidbits

January 2020

CONSTRUCTION IS UNDERWAY! – We received the official building permit in early January and demolition has started. Please do not try to access the Narthex or the Findlay Hall building. This area is an active construction/hardhat zone and contains hazardous materials.

Sunday Service- Please enter the sanctuary from the side doors. We have erected a canopy above the main side entrance. Restrooms are located next to the sanctuary by the parking lot entrance. Don't be afraid! These are very nice portable restrooms with flushable toilet, sink, mirror and solar powered lights.

Meeting Locations- Consult the list of meeting locations posted to the bulletin board and website or contact the meeting administrator if you are unsure of where a meeting is taking place during construction. Sunday school will continue in the pre-school building and portable classrooms.

Pledges and Sponsorship Opportunities- Please remember to fund your year 2 pledge contributions and, if possible, fund year 3 early to help with the timing mismatch between constructions costs and pledges received. Please also consider a Sponsorship Opportunity listed on the flyer. We saw a big uptick in pledges received at the end of the year- thank you!

Project Timeline- The contractor has estimated 7 months for construction and then there will be some additional finishing work. If all goes well, we will be in the new facilities by August 2020.

Ongoing Communication- The committee plans to keep the church community updated on the renovation project in several ways; Notes & Bolts, Zephyrs, updates from the Pulpit, the Bulletin Board and the WPC website. Please visit www.wpctiburon.org regularly for updates and if you have questions please contact Ron Meserve or any other member of the WPC Renovation Committee.
